PROFESSIONAL SUMMARY

Full Stack Developer specializing in the MERN Stack (MongoDB, Express.js, React.js, Node.js) with hands-on experience building an AI-powered interview platform, an event management system, and a cloud file management application. Strong understanding of REST API design, JWT authentication, and cloud storage integration. Currently pursuing a Bachelor of Computer Applications (BCA) and seeking software development internship opportunities.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3
Frontend: React.js, Tailwind CSS
Backend: Node.js, Express.js
Database: MongoDB, Mongoose
Tools: Git, GitHub, Postman, Cloud nary
Currently Learning: Docker, Redis, OAuth, Generative AI

KEY PROJECTS

AI Interview Planner

MERN Stack, Gemini API

- Built an AI-powered interview preparation application using React.js, Node.js, Express.js, MongoDB, and the Gemini API.
- Analyzed user resumes and job descriptions to generate customized interview roadmaps.
- Generated role-specific technical questions, behavioral questions, and AI-assisted answer suggestions.
- Implemented JWT authentication, REST APIs, and MongoDB for secure user management and data storage.
- Designed a responsive user interface for resume upload, job analysis, and interview plan generation.

Live Demo: interviewplanner.vercel.app

Event Management System

MERN Stack

- Developed a full-stack event management application using React.js, Node.js, Express.js, and MongoDB.
- Implemented role-based access control (Admin, Volunteer, Participant) with JWT authentication.
- Built event registration and volunteer assignment features for efficient event coordination.
- Generated unique QR code tickets for participants and developed a QR scanning system for attendance verification.
- Designed RESTful APIs and MongoDB schemas for user, event, and ticket management.

File Management System

MERN Stack, Cloudinary

- Developed a secure cloud-based file management application using React.js, Node.js, Express.js, and MongoDB.
- Implemented file upload, storage, retrieval, and deletion features with Cloudinary integration.
- Built secure user authentication and authorization using JWT to protect user files and data.
- Designed file organization and management functionality for efficient access and storage.
- Developed responsive and user-friendly interfaces using React.js and Tailwind CSS.

EDUCATION

Bachelor of Computer Applications (BCA)	2023 – Present
Siliguri Institute of Technology	
Higher Secondary (Class XII, WBCHSE)	2022
Kalupur Panchpota High School, Kalupur Percentage: 81%	
Secondary (Class X, WBBSE)	2020
Chandpara Bani Vidya Bithi, Chandpara Percentage: 60%	

CERTIFICATIONS & ACTIVITIES

Certifications: Java Programming, Python Programming, Database Management Essentials, Operating Systems
Hackathons & Competitions: Participated in college software development events, collaborating in teams to build functional application prototypes.
