PROFESSIONAL SUMMARY

Full-stack developer specializing in the MERN stack with experience building scalable web applications including file management and event management systems. Strong understanding of REST APIs, cloud storage integration, and responsive UI development. Actively exploring Generative AI integration (Gemini API) and modern infrastructure tools like Docker and Redis to enhance application performance and scalability.

TECHNICAL SKILLS

- **Backend:** Node.js, Express.js, RESTful APIs, JWT Authentication
- **Database:** MongoDB (Mongoose), Database Design, Query Optimization, NoSQL
- **Frontend:** JavaScript (ES6+), React.js, Tailwind CSS, HTML5, CSS3
- **Tools & DevOps:** Git, GitHub, Postman, Cloudinary

KEY PROJECTS

Upload File Management System

MERN Stack

- **Engineered** a comprehensive file management system using Node.js and Express, handling secure multi-format file uploads for various user types.
- **Integrated Cloudinary** for cloud storage, ensuring efficient handling of media assets and metadata storage in MongoDB.
- **Optimized backend APIs** for categorization and deletion features, significantly reducing server response time for large datasets.
- **Designed** a responsive UI with Tailwind CSS, ensuring a seamless and intuitive user experience across mobile and desktop devices.

Event Management Application

MERN Stack

- **Developed** a scalable backend architecture to manage event creation, registrations, and participant tracking for high-traffic scenarios.
- **Implemented** secure authentication and authorization using JWT (JSON Web Tokens) to protect sensitive user data and administrative routes.
- **Architected RESTful endpoints** for efficient event assignment and real-time data retrieval, ensuring high availability.
- **Utilized MongoDB** for flexible schema design to handle diverse event types and complex participant demographics.

EDUCATION

Bachelor of Computer Applications (BCA)

2023 – Present

Siliguri Institute of Technology

Higher Secondary (WBCHSE)

2022

Secondary (WBBSE)

2020
